

CAREER OPPORTUNITY

## INFORMATION TECHNOLOGY SYSTEMS ADMINISTRATOR

Algoma Power Inc. (API) is looking for a motivated, self-starter, who has a positive attitude with the ability to work as part of a dynamic information technology team. Reporting to the Supervisor, IT Infrastructure the Systems Administrator will be responsible for providing hardware and software installation, configuration, maintenance and upgrades of corporate network, server, storage, and telecommunication technologies. Duties also include upholding security/data protection, business continuity, and help-desk support in line with corporate standards and best practices.

The ideal candidate will have experience supporting Microsoft Operating Systems, Active Directory, SAP, VMWare, Citrix, WAN/LAN Networking, and end-user applications such as Microsoft Office Suite. We are accepting applications for a conscientious individual with excellent problem-solving capabilities and organizational skills. The candidate must be determined to make a personal commitment to serving both internal and external customers; ability to travel to other *FortisOntario* locations is a requirement for this position.

Algoma Power Inc. is offering this full-time opportunity with an attractive compensation and benefits package and pension plan. The ideal candidate will have the following minimum qualifications:

- Minimum College or University program within **Information Technology** or equivalent. Minimum five (5) years of hands-on experience is required;
- Excellent knowledge of: server/storage/telecommunication methodologies, disaster recovery and business continuity methodologies, networking protocols and devices, cyber security mitigation;
- Clear verbal and written communication skills as well as strong analytical, customer service and interpersonal skills are essential;
- Proven ability to work as a team member and independently on assigned projects;
- Must hold and maintain a valid class “G” Ontario driver’s license with a clean driver’s abstract;
- Vendor certification would be considered an asset.

The work location is Sault Ste. Marie, Ontario, and the position is employed by API. Qualified and interested candidates are invited to submit their cover letter and resume to [HR@FortisOntario.com](mailto:HR@FortisOntario.com) by MAY 10, 2019. Please indicate “**API-SYSTEMS ADMIN**” on subject line.
